Use this list to display all the publications that you have authored.

Adding Publications to this list
You can add publications by searching *Web of Science™*, searching *Web of Science™ Core Collection*, using *EndNote™*, or uploading a file. To add publications, click the **Add** link located in the menu on the left-hand side of your screen, or by clicking on the **Add Publications** above.
* Note: Access to *Web of Science* and *Web of Science Core Collection* are based on the entitlements of the computer where you are accessing ResearcherID.

Please remember to only add publications that you have authored to this list. This list will be used by *Web of Science Core Collection* to create a Distinct Author Set, which is a set of papers that will be associated with your name, and your ResearcherID number will be displayed on the *Web of Science Core Collection* record. This allows *Web of Science Core Collection* users who find one of your papers on this list to find all of the other papers on this list.

Making the list public or private
You have the ability to make your "My Publications" public or private. If public, then visitors of ResearcherID can see your scholarly output, and your list will be sent to the *Web of Science* ([click here for more information](#)). Click on the **Manage Profile** button at the top-right corner of the page and select the Publication Lists tab to change the privacy settings of your data.

The image shows two overlapping web interfaces. The background interface is the ResearcherID profile page for Iwona Socik, with a navigation bar (Home, My Researcher Profile, Refer a Colleague) and a section titled "Exchange Profile Data Between ResearcherID and ORCID". It features a "Send To ORCID" button (circled in orange and labeled 11) and a "Get Data From ORCID" button. Below these are fields for "First Name" (Iwona) and "Last Name" (Socik), and a "ResearcherID" field (F-5245-2010) which is checked and circled in orange (labeled 12). The "Short Description" is set to "limited".

The foreground interface is the ORCID authorization dialog for Iwona Socik (https://orcid.org/0000-0001-5777-8727). It states that ResearcherID has asked for access to the ORCID Record. A green refresh icon is present. The permissions section includes a checked box for "Allow this permission until I revoke it." and a note that unchecking the box grants permission only for this time. A disclaimer states that the application will not see the ORCID password or other private info. At the bottom, there is an "Authorize" button (circled in orange and labeled 13) and a "Deny" button.
