# Integrating the WUT Base of Knowledge with ORCID

Profile authentication in ORCID

**Politechnika  
Warszawska**

The WUT academic and research staff are now obliged to authenticate their scientific profiles in the WUT Base of Knowledge on the ORCID platform (Regulation no. 56/2021 of the Warsaw University of Technology Rector of 28 June 2021). Thus, the new functionality has been introduced to export the data from the WUT Base of Knowledge to the individual researcher profile in ORCID. Sending the data to ORCID is possible only after integrating the profile in the WUT Base of Knowledge with the ORCID profile. The researchers have to integrate their profiles themselves - they must be logged in simultaneously in both systems.

# Logging to the WUT Base of Knowledge

3

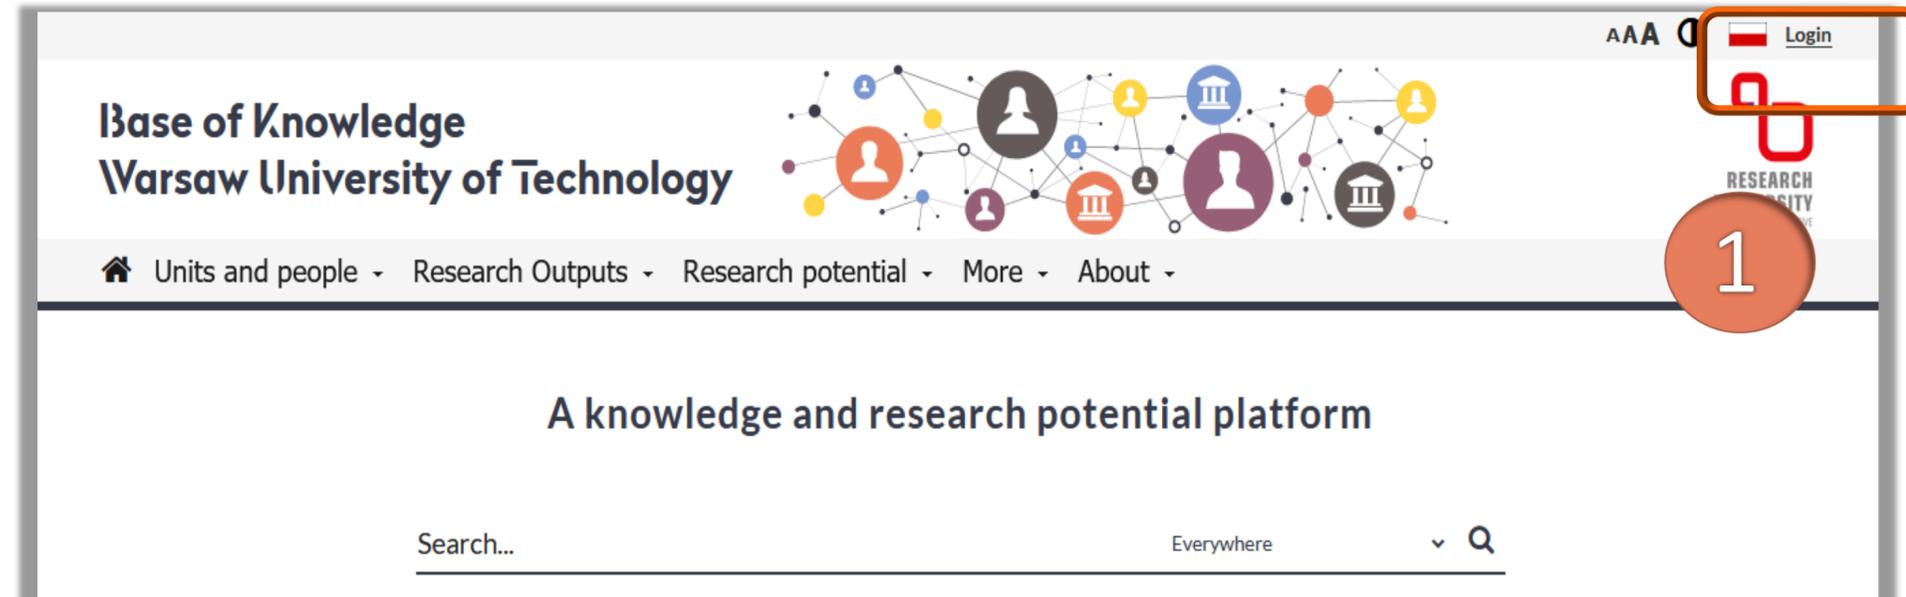

Enter the WUT Main Library website.

Select WUT Base of Knowledge bookmark, and then click **Login**. The ID and the password are the same as for the USOSweb. Enter:

- ID: PESEL number or email address
- Password to USOSweb

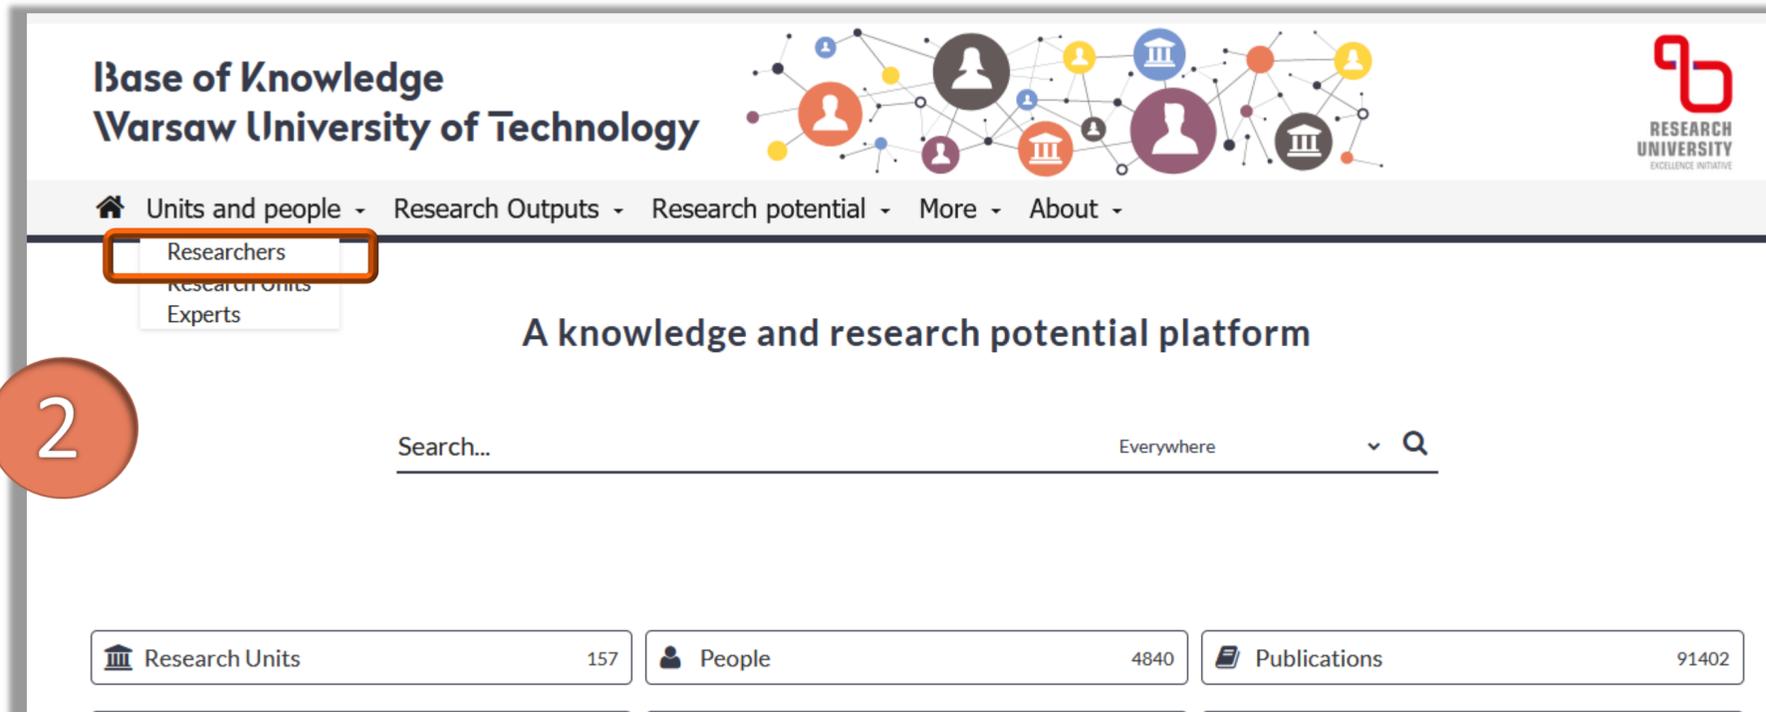

People who do not have an account in USOSWeb should contact the dean's office at their faculty. After creating an account in USOS, please send your USOSID to:  
repozytorium.bg@pw.edu.pl
