Sending publications from the WUT Base of Knowledge to ORCID

2

There are two ways of sending publications to ORCID:

- By using the **Export publications to ORCID** button - all publications will be sent to ORCID

Note: If your ORCID profile already contains the publication which do not have the DOI number in the WUT Base of Knowledge, their descriptions can be duplicated in ORCID. This applies particularly to older publications. The researcher can manually delete them or merge them.

The screenshot shows the ORCID profile page for a researcher. The navigation tabs at the top are Profile, Publications, Citations, Statistics, and Cooperation. Below the navigation is a checkbox for 'Include multi-center publications' and an 'Edit' button. A row of buttons includes 'Add research data', 'Add journal paper', 'Add book chapter', 'Add book', and 'Import publications'. The profile information includes 'Phone: +48 22 234 73 00' and 'Room no: 161 C'. The 'Achievements summary' section has a 'Researcher Report' button. The 'Bibliometry*' section shows 'h-index (Scopus Citations)', 'h-index (WoS Citations)', 'Total IF', 'Total SNIP', 'Total CiteScore', and 'Total MNISW score'. The 'Identifiers' section shows the ORCID ID 'https://orcid.org/0000-0003-4401-0908' with a red circle and the number 1 next to it, and buttons for 'Export publications to ORCID' and 'Revoke ORCID authorization token'. At the bottom, there are links for 'Scopus profile' and a 'Status Scopus' button.
